Question: "On how many occasions (if any) have you used alcohol during the last 12 months?"

Note: Age ranges include both college students and non-students.

Notes: College students are defined as those follow-up respondents one to four years past high school who report that they were taking courses as full-time students in a two- or four-year undergraduate college at the beginning of March of the year in question. Note that full-time students at two-year colleges, such as community colleges, are included.
