**Question:** "On how many occasions (if any) have you used alcohol during the last 12 months?"

**Note:** Age ranges include both college students and non-students.

**Notes:** College students are defined as those follow-up respondents *one to four years past high school* who report that they were taking courses as *full-time students* in a *two- or four-year undergraduate college* at the *beginning of March* of the year in question. Note that full-time students at two-year colleges, such as community colleges, are included.
